

31 OCTOBER 2023

The **Investors Mutual Future Leaders Fund** provides exposure to an actively managed portfolio of quality ASX listed Australian shares outside the Top 50. The Fund aims to provide attractive investment opportunities for investors seeking medium to long term capital growth with income.

FUND PERFORMANCE

- The Future Leaders Fund returned -3.9% in October in a tough month for equity markets. While this was disappointing it was ahead of its benchmark, which fell -6.3%.
- Markets fell around the globe as rising bond yields and the outbreak of hostilities in the Middle East caused investors to grow more cautious on the economic outlook.
- Most stocks fell over the month including Ampol and EQT Holdings, despite posting solid Q1 results, while Tabcorp fell on a soft Q1 update. Mayne Pharma, Clearview and Kelsian gained after posting positive trading updates, while Southern Cross Media rallied after receiving an indicative combined scrip and cash based takeover offer from ARN Media and Anchorage Capital. ARN fell after making the offer, despite the earnings improvement a transaction would deliver.
- We continue to act cautiously, focusing on well-established companies with strong competitive advantages and recurring earnings that are likely to perform well in a range of economic conditions, while actively looking for new opportunities.
