## **1 General information**

The condensed interim report covers the Investors Mutual Concentrated Australian Share Fund ("the Scheme") which is an Australian registered managed investment Scheme. The Scheme was constituted on 11 August 2010. The Scheme will terminate on 10 August 2090 unless terminated earlier in accordance with the provisions of the Scheme's Constitution.

The Responsible Entity of the Scheme is Investors Mutual Limited (the "Responsible Entity") which is incorporated and domiciled in Australia. The Responsible Entity's registered office is Suite 15.01, Level 15, 39 Martin Place, Sydney, NSW 2000.

The condensed interim report was authorised for issue by the directors on 12 March 2026. The directors of the Responsible Entity have the power to amend and reissue the condensed interim report.

## **2 Summary of material accounting policies**

The principal accounting policies applied in the preparation of the condensed interim report are set out below. These policies have been consistently applied to the year presented, unless otherwise stated.

The condensed interim report for the half-year ended 31 December 2025 has been prepared in accordance with the *Corporations Act 2001* and Australian Accounting Standard AASB 134 *Interim Financial Reporting*.

The condensed interim report does not include all the notes of the type normally included in an annual financial report. Accordingly, the report is to be read in conjunction with the annual report for the year ended 30 June 2024 and any public announcements made in respect of the Scheme during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

The condensed interim report is presented in Australian dollars and all values are rounded to the nearest thousand dollars (\$'000) unless otherwise stated under the option available to the Scheme under *ASIC Corporations (Rounding in Financial/Directors' Reports) (Instrument 2016/191)*. The Scheme is an entity to which the Instrument applies.

### **(a) Statement of compliance**

The condensed interim report complies with Australian Accounting Standards applicable to interim reporting as issued by the Australian Accounting Standards Board and International Financial Reporting Standards (IFRS) applicable to interim reporting as issued by the International Accounting Standards Board.

### **(b) Australian Accounting Standards and interpretations**

The accounting policies in the condensed interim report is the same as those applied in the Scheme's financial statements for the year ended 30 June 2025.

There are no new standards, interpretations or amendments to existing standards that are effective for the first time for the financial period beginning 1 July 2025 that have a material impact on the amounts recognised in the prior year or will affect the current or future years.

### **(c) Comparatives**

Where necessary comparatives have been reclassified for consistency with current year disclosures.

### 3 Net assets attributable to unitholders

The Scheme's units are classified as a liability as they do not meet the definition of a financial instrument to be classified as equity.

Movements in the number of units and net assets attributable to unitholders during the half-year were as follows:

#### 6 Fair value measurement

The Scheme measures and recognises financial assets and liabilities at fair value through profit or loss on a recurring basis.

AASB 13 requires disclosure of fair value measurements by level of the following fair value measurement hierarchy:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1);
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (Level 2); and
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (Level 3).

The Scheme values its investments in accordance with the accounting policies set out in Note 2 to the financial statements.

##### Fair value estimation

The carrying amounts of the Scheme's assets and liabilities at the end of each reporting period approximate their fair values.

All financial assets and financial liabilities included in the statement of financial position are carried at fair value.

Financial assets and liabilities held at fair value through profit or loss are measured initially at fair value excluding any transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability. Transaction costs on financial assets and financial liabilities at fair value through profit or loss are expensed immediately. Subsequent to initial recognition, all instruments held at fair value through profit or loss are measured at fair value with changes in their fair value recognised in statement of profit or loss and other comprehensive income.

##### (i) Fair value in an active market (level 1)

The fair value of financial assets and liabilities traded in active markets is based on their quoted market prices at the end of the reporting year without any deduction for estimated future selling costs.

## **6 Fair value measurement (continued)**

### *(i) Fair value in an active market (level 1) (continued)*

The quoted market price used for financial assets held by the Scheme is the current bid price; the appropriate quoted market price for financial liabilities is the current asking price. When the Scheme holds derivatives with offsetting market risks, it uses mid-market prices as a basis for establishing fair values for the offsetting risk positions and applies this bid or asking price to the net open position, as appropriate.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

An active market is a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

### *(ii) Fair value in an inactive or unquoted market (Level 2 and Level 3)*

The fair value of financial assets and liabilities that are not traded in an active market is determined using valuation techniques. These include the use of recent arm's length market transactions, reference to the current fair value of a substantially similar other instrument, discounted cash flow techniques, option pricing models or any other valuation technique that provides a reliable estimate of prices obtained in actual market transactions.

Where discounted cash flow techniques are used, estimated future cash flows are based on management's best estimates and the discount rate used is a market rate at the end of the reporting year applicable for an instrument with similar terms and conditions.

For other pricing models, inputs are based on market data at the end of the reporting year. Fair values for unquoted equity investments are estimated, if possible, using applicable price/earnings ratios for similar listed companies adjusted to reflect the specific circumstances of the issuer.

The fair value of derivatives that are not exchange traded is estimated at the amount that the Scheme would receive or pay to terminate the contract at the end of the reporting year taking into account current market conditions (volatility and appropriate yield curve) and the current creditworthiness of the counterparties and the Scheme. The fair value of a forward contract is determined as a net present value of estimated future cash flows, discounted at appropriate market rates as at the valuation date.

#### *Valuation process for Level 3 valuations*

Valuations are the responsibility of the Board of Directors of the Responsible Entity.

The investment committee considers the appropriateness of the valuation methods and inputs, and may request that alternative valuation methods are applied to support the valuation arising from the method chosen. Any changes in valuation methods are discussed and agreed with the responsible entity's Board of Directors.

The valuations are also subject to quality assurance procedures performed within the valuation department. The valuation department verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to relevant documents and market information. In addition, the accuracy of the computation is tested. The latest valuation is also compared with the valuations in the four preceding quarters as well as with the valuations of the two preceding annual periods. If fair value changes (positive or negative) are more than certain thresholds set, the changes are further considered by the investment committee.

There were no changes in valuation techniques during the half-year.

### (iv) Transfer between levels

During the half-year there were no transfers between levels.

### (v) Movement in level 3 instruments

There were no level 3 instruments held as at 31 December 2025 and 30 June 2025.

### (vi) Fair value of financial instruments not carried at fair value

The carrying value less expected credit loss of other receivables and payables are assumed to approximate their fair values. The fair value of financial liabilities for disclosure purposes is estimated by discounting the future contractual cash flows at the current market interest rate that is available to the Scheme for similar financial instruments.

## 7 Events occurring after the reporting date

No significant events have occurred since the end of the reporting period which would impact on the financial position of the Scheme as disclosed in the condensed statement of financial position as at 31 December 2025 or on the results and cash flows of the Scheme for the half-year ended on that date.

## 8 Contingent assets, liabilities and commitments

There were no outstanding contingent assets, liabilities or commitments as at 31 December 2025 and 30 June 2025.

## **Directors' declaration**

In the opinion of the directors of the Responsible Entity:

- (a) the financial statements and notes set out on pages 5 to 14 are in accordance with the *Corporations Act 2001*, including:
  - (i) complying with Australian Accounting Standards, AASB 134 *Interim Financial Reporting*, the *Corporations Regulations 2001* and other mandatory professional reporting requirements; and
  - (ii) giving a true and fair view of the Scheme's financial position as at 31 December 2025 and of its performance for the half-year ended on that date; and
- (b) the financial statements and notes also comply with International Financial Reporting Standards as issued by International Accounting Standards Board and disclosed in Note 2(a); and
- (c) there are reasonable grounds to believe that the Scheme will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the directors.

## Independent auditor's review report to the unitholders of Investors Mutual Concentrated Australian Share Fund

### Conclusion

We have reviewed the accompanying half-year financial report of Investors Mutual Concentrated Australian Share Fund, which comprises the condensed statement of financial position as at 31 December 2025, the condensed statement of profit or loss and the other comprehensive income, condensed statement of changes in equity and condensed statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory notes and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of the Scheme does not comply with the *Corporations Act 2001*, including:

- a. Giving a true and fair view of the Company's financial position as at 31 December 2025 and of its financial performance for the half-year ended on that date; and
- b. Complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

### Basis for conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity* (ASRE 2410). Our responsibilities are further described in the *Auditor's responsibilities for the review of the half-year financial report* section of our report. We are independent of the Scheme in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to reviews of the half-year financial report of public interest entities in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

### Directors' responsibilities for the half-year financial report

The directors of Investors Mutual Limited, as the Responsible Entity of the Scheme, are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

### Auditor's responsibilities for the review of the half-year financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Scheme's financial position as at 31 December 2025 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
